Case Western Reserve University School of Dental Medicine

CASE WESTERN RESERVE  
UNIVERSITY  
SCHOOL OF DENTAL MEDICINE

Dear Friends,

It is my pleasure to share with you some of the successes of the 2007-2008 fiscal year. Our external research funding continues to grow, and just as importantly, 21 of our 54 full-time faculty serve as principle investigator on a research grant. Suchi Nelson, Ph.D., from the department of Community Dentistry, was one of only 12 NIH funded researchers nationally to win the prestigious President's Early Career Award in Science and Engineering. We have revised our strategic plan as part of a university-wide initiative so that we will remain focused on a limited number of achievable goals. We are also midway through our two year preparation for an accreditation site visit in October of 2009. A recent mock site visit was very positive.

We have continued to implement the R.E.A.L. Curriculum (Relevant Experiential Active Learning). By exposing our students to the best technologies, meaningful experiences, and fostering a culture of inquiry, we are creating exceptional dental professionals. A partnership with the College of Arts and Sciences has expanded student training to include a virtual world where they learn to better communicate with their patients. We have expanded the sealant program to create more opportunities for service learning in the fourth year. Student research is growing our body of knowledge about dentistry and winning awards at national and state levels.

We have positioned ourselves to be a leader in the field of dental education as confirmed by winning the ADEA Gies Award for Institutional Innovation. We continue to attract the best and brightest. Our students have high expectations of us, and we must remain accountable to them through both good and challenging times. The current state of the economy means your philanthropic support is more important now than ever. Please accept my thanks and gratitude for all that you do for the School of Dental Medicine.

From my family to yours,

Jerry

## 2007 - 2008 Annual Fund

Gifts to the Annual Fund provide the school with vital unrestricted dollars to be used for emerging needs not covered by tuition dollars, such as scholarships for talented students who need financial assistance, student recruitment initiatives, faculty and student research initiatives, clinic upgrades, and updated technology among others.

“The Robert Kalina Scholarship Fund will help to ensure my brother’s name will be perpetuated. He loved dentistry. He was dedicated, empathetic, and gentle. He loved his patients and they loved him. He was also dedicated to education – his own and that of the next generation of dentists. He would be very interested in and pleased with the progress the dental school is making – particularly the constant progression of new programs paired with a consistent commitment to patient care - and where they plan to go. I know he would want to be involved in making CWRU the best in the nation.”

### **Jean Kalina Grod**

Following the death of her brother and CWRU alumnus, Robert Kalina, D.D.S., '62, in 2006, Jean Grod established the Robert A. Kalina, D.D.S. Scholarship Fund to benefit CWRU dental students from Cuyahoga or Lake counties in Ohio. The award is given biennially to students who embody the commitment to excellence, family and community.

A portrait of an elderly man with white hair and glasses, wearing a blue denim shirt. He has a Rotary International pin on his left chest. His hands are clasped in front of him, and he is wearing a watch on his left wrist. The background is a softly blurred indoor setting with framed pictures on the wall.

“I feel very committed to the school because they were kind enough to accept me. They gave me the career and life I have today. At the dental school, you receive a great education. In fact, I don’t think the school has ever turned out a bad dentist. Those of us who are Partners In Progress feel it is important to support the school. We got much more than what we paid for by attending CWRU and we’re happy to take part in helping the school in any way we can.”

**Bruce W. Forbes, D.D.S. '57,** began his career in dentistry while serving in the Dental Corps of the U.S. Army. He still practices general dentistry in New Martinsville, West Virginia. He is a current Partner In Progress at the CWRU School of Dental Medicine, a member of the Visiting Committee, and a former member of the Alumni Association Board of Directors of the dental school.

“The faculty and staff of the school are very good. I particularly remember how Dr. Love ('58) taught us the technical side of prosthodontics, but also taught us a lot about how to interact with patients. We learned that without patients, you don't have a job, and the words you use are as important as the work you do. As a recent graduate, I also understand how excellent the school's labs and facilities are. People who were once dental students at CWRU made that possible and now it's our turn to give back, so that the students there today will benefit from our generosity the way we benefitted from the generosity of those who came before us.”

**Andrew J. Deak, D.M.D., M.D. '07**, holds a Doctor of Medicine degree from the Northeastern Ohio University College of Medicine. He practices general dentistry in offices in both Elyria and Northfield Ohio. His training in general medicine enables Dr. Deak to treat his patients holistically, and better understand the connection between the systemic and oral health of his patients.

**Silvio R. Petti, D.D.S. '58, Lisa M. Petti, D.D.S. '81 '83**

**and Steven Petti, D.D.S. '89 '90**, share more than an alma mater. Before retiring in 2000, Silvio, his daughter and son ran a successful private practice together in Wickliffe. Today, the Pettis focus their efforts on treating patients holistically and delivering personalized care. In appreciation for the education they received at CWRU, in 2005 the family endowed the Petti Family Scholarship to benefit dental students.

“Endowing the Petti Family Scholarship provided us with a more personal way to give. As a family, we’ve supported the school for years, and our funds went to purchasing equipment and enhancing labs, among other things. To know that this scholarship will be given to individual students is important to us, and Dean Goldberg and the faculty helped us realize the tremendous value in what we are doing. We want to give back to the school because of what it’s done for all of our lives. As an institution, CWRU and the dental school just excel. Growing up, it was always our family’s priority to support the school, and our commitment continues today.”

- Lisa M. Petti, D.D.S. '81 '83

## Reunion Giving Challenge

The Class of 1973, in honor of their 35th Reunion, is endowing the simulator laboratory at the School of Dental Medicine. The new simulation laboratory, located in a renovated section of the second floor provides students with an exciting and cutting-edge learning environment using extraordinary technology that dramatically accelerates student learning.

"As students, we were treated like adults. In return, as a class we have always supported the school and are proud to have helped to fund the Simulation Lab." - Timothy Benich

"As alumni, we are very fortunate - the education at CWRU and the leadership have been outstanding for decades. The education at CWRU is the best available today, and the Simulation Lab represents the cutting-edge of dental education." - Lawrence Oswick

Gifts from alumni, whether big or small, make a difference. Many philanthropic organizations look at the participation rate among alumni and friends when deciding to contribute to an institution. In addition, ranking institutions consider this rate as a measure of alumni satisfaction with the school. Our goal is to increase the participation rate. Your gift makes a significant impact.

### 2007 - 2008 Alumni Participation rate:

TOTAL ALUMNI: 4,149  
TOTAL ALUMNI DONORS: 816  
PERCENTAGE: 20%

## Nathan B. Darrow Society Members

The society was established to recognize the many alumni and friends who have made provisions for the future success of Case Western Reserve University. Nathan B. Darrow was the first person to make a planned gift to the university when he bequeathed half his library through his will.

**Ron Lemmo, D.D.S. '84 and Marsha Pyle, D.D.S., M.Ed. '84,** began their respective careers in dentistry and their life together at the CWRU School of Dental Medicine more than two decades ago. Today, Dr. Pyle serves as the Vice Dean for Education and as Director of the Training Center for Geriatric Health at the dental school. Dr. Lemmo is a recognized leader in his profession, having served as president of the Ohio Dental Association and president of the Greater Cleveland Dental Society. The Alumni Association Board of Directors selected the couple to receive the 2008 Distinguished Alumni of the Year award in honor of their contributions to the field of dentistry and to CWRU.

“Marsha and I are privileged to know the people at the dental school, many of whom have been intertwined in our lives for decades. It’s an honor to be associated with people of such great integrity. The opportunities throughout my life have been afforded to me by CWRU; the school helped me create a professional foundation. It’s one of the best dental schools in the nation. Wherever I am in the U.S., I can talk about how CWRU is leading the nation in dental education. This is a tremendous source of pride for me.”

- Ron Lemmo, D.D.S. '84

“Ron and I are honored to be part of promoting the dental school and telling people about the great education we received there. As a student, I had a really good experience. I appreciated that I could have a real conversation with the faculty. We foster this culture today – a culture that is very supportive of students, very collegial. I believe that the culture and the clinical education at the dental school are very special. As an administrator, I enjoy being able to talk about the great things going on here.”

“In my opinion, CWRU has one of the best dental schools around today. Over the years, the faculty, staff and technology in the school have continued to be revamped and enhanced, and people like Dean Goldberg have had a profound impact on the health of the school. When I was a student, I got along very well with the faculty and developed long-lasting relationships with the other students. While it’s a difficult and costly education, it helps you have a very rewarding career. Because of that, I think you have a moral obligation to support the school in any way you can – after all, your career was made possible by your tenure there.”

**Stuart Duchon, D.D.S., M.S.**

**'74 '76**, earned his Doctor of Dental Surgery degree and master’s degree in Orthodontics from CWRU in 1974 and 1976, respectively. He has been in practice for more than three decades in various locations in Florida and Ohio. Dr. Duchon currently practices in Toledo, Ohio where he enjoys the opportunity to develop relationships with the children and adult patients he treats.

“The most exciting aspect of my time in dental school was working with the patients in the clinic. I learned to treat patients as you would like to be treated yourself. I also learned to focus on giving good care and doing good work, and not worrying too much about making money. If you do good work, success will come. Dentistry has been very good to me, and my support of the dental school is my way of repaying CWRU for giving me the career I loved.”

**Edward R. Falkner, D.D.S. '55,** practiced for more than 52 years throughout Cleveland, specializing in root canal therapy, and holds the distinction of serving as the first specialist in endodontics in the city of Cleveland. He retired from practice in September 2007. He and his wife, Joan, are longtime supporters of the school, and have created an endowment in honor of former Dean, Dr. Geza Terezhalmi. The Falkners are also members of the University's Darrow Society.

## WAYS TO GIVE:

There are many ways to make a gift to benefit the Case Western Reserve University School of Dental Medicine. Most gifts provide donors with tax benefits. We would be pleased to discuss in more detail the various methods of giving that follow:

### Outright Gifts

#### PLEDGES

Pledges allow you to make a commitment to be paid over a period of time based on an agreed-upon schedule of payments. Pledges for the Annual Fund must be paid before the end of each fiscal year, June 30, to be counted for that particular year. Pledges for other support, such as endowment funds, can be made over a period of years.

#### CASH

Gifts of cash make funds available for immediate use by the school.

#### SECURITIES

Gifts of long-term appreciated securities offer you the benefit of deducting the gift on the date of transfer to the Case Western Reserve University School of Dental Medicine to avoid capital gains tax on the appreciation of the stock.

#### MATCHING GIFTS

Many businesses, corporations and some foundations will match the charitable gifts of their employees, retirees, spouses of employees, and in some cases, board members.

### Planned Gifts

If you have already included the Case Western Reserve University School of Dental Medicine in your estate plans or would like additional information, please let us know by contacting the Office of Development and Alumni Relations, toll-free at (877) 468-1436 or email [dentalalumni@case.edu](mailto:dentalalumni@case.edu). Some common types of planned gifts are: Bequests, Charitable Gift Annuities, Charitable Remainder or Lead Trusts, real estate, and personal property.

"I give to Case Western Reserve University, an Ohio Educational and charitable corporation in Cleveland, Ohio... (possible choices)

1. A CASH BEQUEST OF \$ \_\_\_\_\_
2. A STOCK BEQUEST OF \_\_\_\_\_  
SHARES OF COMMON STOCK OF \_\_\_\_\_  
CORPORATION.
3. A PERCENTAGE ( \_\_\_\_\_ %) OF MY ESTATE.
4. THE RESIDUE OF MY ESTATE.

I request that this bequest be used by the Case Western Reserve University School of Dental Medicine for the following purpose:

---

---

---

I designate that no federal estate tax or state death taxes will be allocated to or paid from such a bequest."
